

## Environmental Policy

### Our Environmental Management Commitment

CH4 Solutions is committed to developing, implementing, and maintaining an Environmental Management System (EMS) that complies with the requirements of international standard ISO 14001.

#### CH4 Solutions will:

commit to fostering the sustainable use of the Earth's resources by "treading lightly", recognising the approach of Australia's Indigenous people in minimising our impact on the land.

comply with all relevant environmental legislation, regulations, planning policies and related initiatives.

set environmental objectives and targets to ensure continuous improvement.

measure monitor and report on environmental management initiatives.

incorporate environmental better practice into our core business plans and management processes.

undertake responsible resource management practices that aim to prevent pollution and reduce waste.

ensure we work closely with our clients, suppliers, and other stakeholders to continually improve our business processes which affect the environment.

explore best practice and innovative environmental management approaches to the use of education, technology and infrastructure.

foster the initiation and ownership of environmental activities by all our staff through education, thereby building a strong environmentally aware business culture, and

communicate this Environmental Policy to all staff and make it available to the public.
